EXAMINER'S AMENDMENT

An examiner's amendment to correct an obvious error appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In line 2 of claim 1, "the" has been changed to - - a - -.

Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to show a substantially U-shaped bar extending rearwardly from one of the pair of front legs running outwardly along one end of the second stabilizer bar, both of the pair of rear legs and the other end of the second stabilizer bar to the other of the pair of front legs; and a manually operated suction hand cup coupled with the substantially U-shaped bar for releasably securing the collapsible chair to a flat surface by vacuum action, in combination with other specifically claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

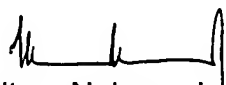

The corrected drawings page filed July 16, 2004 has been approved.
